Dear Parent,
We introduce you to ACEplus

A new, exciting, interactive and dynamic app. This new app teaches the learner to **Achieve** necessary life skills and be more **Confident** while communicating in **English**.

This is the only platform that helps your child develop 5 key 21st-century success skills:

Life Skills | **Cognitive Skills** | **Interpersonal Skills**
Spoken English Skills | **Communication Skills**

The courses are not age-specific but are ideally for students aged 8 to 18.

We have three structured courses: Beginner, Advanced and Expert, as well as a special course - How to Speak Better English with Derek.

A stands for **Achieve**
C for **Confidence**
E for **English**

HOW IS ACEPLUS DIFFERENT FROM OTHER EDU-BASED APPS?

ACEPlus is the only app that uses the hybrid model of learning. So, your child gets the best of both worlds. This is done through the use of friendly and interactive videos, scientifically-crafted exercises and colourful learning-based games, reinforced by LIVE feedback sessions by specially trained skill coaches.

Our courses are designed to complement what your child is taught in school – and are not in competition with the school.

WHAT DOES THE APP COMPRISE?

GURU SPEAK

ACE achievers share their personal experiences and tips on how to achieve success and be more confident.

LEARNING ZONE

Comprises 3 courses: Beginner, Advanced, Expert. Each of the three courses comprises 5 self-paced capsules. After each capsule, the student gets to attend an interactive feedback session on Zoom with a specialised skill coach.

SPOKEN ENGLISH

Comprises, at present, a stand-alone course, comprising ten capsules, titled - How to Speak Better English with Derek. In this course, Derek O'Brien teaches the students phonetics, the correct pronunciation of words and sentences, and how to speak correctly and communicate with confidence.

GAMING ZONE

Comprises specially crafted knowledge, logic, memory enhancement, vocabulary-building and problem-solving games, packaged in a fun and interactive way.

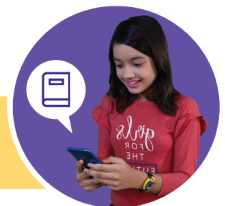

SELF-GROWTH

It is a compilation of audio motivational stories, the correct pronunciation of words, the difference between British and American pronunciation, decision-making and critical thinking scenarios etc.

ACEPLUS DICTIONARY

A ready-reckoner of all the difficult words that appear in the app, along with their meanings.

"Success doesn't come when you want it. Success comes when you deserve it."

Pullela Gopichand

Badminton Legend and Coach

"To succeed, to be successful, to be a true champion you have to fail... don't let failure scare you, let failure inspire you."

Derek O'Brien

Parliamentarian, Quizmaster, Author

Your child's school is one among the first 100 schools to receive this unique offer. The price of each course in this App is Rs 2,200. As an introductory offer, your child gets the course absolutely FREE*. So, don't miss this unique opportunity.
